

Qui sommes nous ?

- Réseau Franco-Néerlandais (RFN), a bilateral network
- Created in 2000 by Jacques Chirac and Wim Kok to improve French-Dutch relations
- Attached to:
 - French ministries of Education and Foreign Affairs
 - French embassy in the Netherlands
 - The University of Lille SHS
 - Dutch partner bureau:  

Que faisons-nous?

Like our fellow bilateral institutions (the French-German Network, the French-Italian Network, the French-Spanish Network):

- We inform
- We bring people together
- We organize events (Young Talent, Seminars)
- We offer scholarships (Éole, **Prix d'Amsterdam**)
- We publish

Pourquoi existons-nous?

- European framework: great opportunity, but many prejudices and misunderstandings.
Mainly due to a general lack of knowledge
- We are so close and yet so far
This means: many missed opportunities
(tourism, economy, politically, ...)

Campus France + RFN + EP-Nuffic

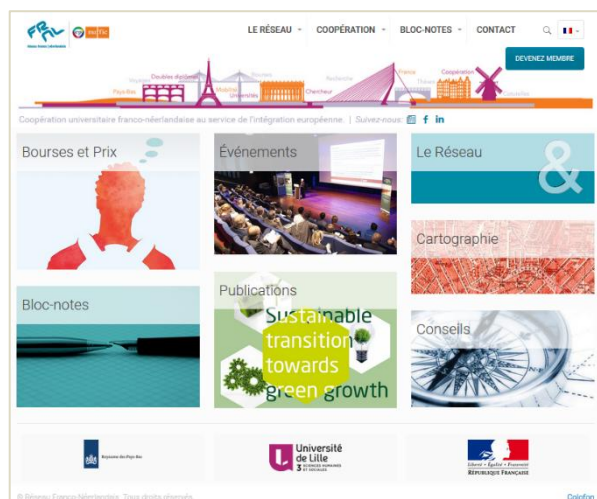

Journées France-Benelux

- 1st edition, May 12 and 13
- Round table discussions, workshops and 'speed dating' between Higher Education Institutions
 - More than 250 'speed dates'
 - 81% of the institutions have indicated to continue their collaboration afterwards
- Lille: EuraTechnologies (incubator), LAM (museum of modern art)
- 120 participants / 56 institutions (29 from the Benelux and 27 from France)

Central bilateral platform

- Overview of French-Dutch collaboration projects and exchange in the fields of higher education and research
- Calls for applications
- Cartography: joint, double & multiple degrees
- News (bloc-notes)
- Blog

The homepage features a navigation bar with links: LE RÉSEAU, COOPÉRATION, BLOC-NOTES, and CONTACT. Below the navigation bar is a banner with the text "Coopération universitaire franco-néerlandaise au service de l'intégration européenne." and social media icons for Facebook and LinkedIn. The main content area is divided into several sections: "Bourses et Prix" (Scholarships and Prizes), "Événements" (Events), "Le Réseau" (The Network), "Cartographie" (Cartography), "Publications" (Publications), "Sustainable transition towards green growth", and "Conseils" (Advice). The footer includes logos for the European Union, the University of Lille, and the French Republic.

On this page, you will find an overview of Joint, Double and Multiple Degree programmes between France and the Netherlands. This interactive module functions like a pre-programmed search engine: It is possible to find specific programmes by applying the 'Level', 'Type of exchange' and 'Discipline' filters to the left of the page. On the other hand, it is possible to search by Higher Education Institution (HEI).

This cartography is constantly being updated. If you are working at a HEI and want to add or correct information on Joint, Double and/or Multiple Degree programmes, please contact [Christian Seemann](#).
